The Amazing Race

The Neonatal Conference Committee at McMaster Children's Hospital is thrilled to present a two day conference "The Amazing Race". This year, we will explore the many challenges that all of us face on a daily basis while providing Neonatal Care.

Through your suggestions from previous years, we have compiled a wide array of topics that are applicable to everyone's practice. We have invited experts to share their knowledge and expertise on the most up to date information available. We will also provide new challenges in the form of hands on workshops.

Our adventure begins in Niagara Falls, Canada, home of the famous Horseshoe Falls. During this pit stop of the race, we will offer a wine and cheese reception to begin the festivities after our first full day of learning. Following the reception, we will travel to the Greg Frewin Dinner Theatre to enjoy an evening of Magic.

We are very grateful to the many sponsors and colleagues who have made this conference possible. Their contributions have allowed our progression with virtually no U-turns.

Please join us as we explore the pit stops, detours and roadblocks to providing Neonatal Care. Don't be the last to check in. We will be waiting for you at the starting line to begin our non-elimination leg of "The Amazing Race".

Additional conference information and registration forms, as well as hotel information may be accessed on the Transport Team Website:
